Boil water advisory rescinded for the City of Robinson in Brown Co.

TOPEKA, Kan. – The Kansas Department of Health and Environment (KDHE) has rescinded a boil water advisory for the City of Robinson located in Brown County. The advisory was issued because of an anticipated loss in pressure.

Public water suppliers in Kansas take all measures necessary to notify customers quickly after a system failure or shutdown. Regardless of whether it's the supplier or KDHE that announces a boil water advisory, KDHE will issue the rescind order following testing at a certified laboratory.

Conditions that placed the system at risk of contamination are deemed by KDHE officials to be resolved.
