KDHE Welcomes New Senior Director of Public Affairs

TOPEKA – The Kansas Department of Health and Environment (KDHE) welcomes new Senior Director of Public Affairs, Ashley Jones-Wisner. In her role, Jones-Wisner will be responsible for planning, executing and evaluating KDHE’s overall communications and public relations policies.

“Ashley brings with her more than a decade of experience working to improve the health and well-being of Kansans,” said KDHE Secretary Lee A. Norman, M.D. “She will be an integral part of our staff and we are pleased to have her on our team,” said Secretary Norman.

Jones-Wisner recently served as the State Policy Director for the nonprofit KC Healthy Kids, where she garnered national attention for her work to reduce the sales tax on food.

Before joining KC Healthy Kids, Jones-Wisner worked at Greater Kansas City LISC, the local program area for the nation’s largest community development organization, where she advanced local, state and federal policies around housing and community development.
