

WA454 EDBC NOT HOLDING PLN CE PERIOD

Child has a good PLN CE period and a new request for coverage has come in for another member of the Household (with an Income change that now makes the Household "CHIP" Eligible). The household is delinquent on old CHIP premiums. When EDBC is ran, it is trying to break PLN CE for Premium Delinquency.

- STEP 1** Create Customer Option for Child for Title XXI (CHIP).
- STEP 2** Begin date: First day of the First month you are running.
- STEP 3** End date: Last day of the Child PLN CE Period.
- STEP 4** End process.
